DO THAT LITTLE BIT EXTRA, NOW THAT THERE'S THE OPTION

PRODUCTIVITY LEADS THE WAY TO GROWTH

The initial investment in a digital system is just the beginning. Only too often, limited reliability and productivity increase indirect costs. The KM-1635 and KM-2035 aren't only affordable, they are designed with durable, long-life components and require minimal maintenance. Combined with powerful functions, flexible paper handling and the GDI printing option, they provide perfect support – just what a growing business might appreciate on its way to greater things.

LET THE DIGITAL COPIER DO THE WORK FOR YOU

Amongst the KM-1635 and KM-2035 intelligent digital copier functions are 2-in-1/4-in-1 features that condense information for presentations and provide an overview of multiple documents on one page. Other features include cost-saving EcoCopy that uses reduced amounts of toner and productivity-enhancing functions such as automatic paper selection, scan-once-print-many and electronic rotate sort.

KM-1635 / KM-2035

No one has time to wait on a copier to get ready for work. With a class-leading first copy out time of 5.9 seconds, Kyocera A3 monochrome multifunctional systems get moving fast. In the meantime, everyone can get on with other things, like deciding whether to copy images or text, take advantage of double-sided printing or use different weights/colours of paper for different documents. These are a few of the requests that the KM-1635 and KM-2035 handle with ease. As an added bonus the GDI printing option turns your digital copier into an affordable printer. This means you have all the flexibility and productivity you need to keep up with the pace of modern business.
