

TASKalfa 250ci/300ci

COLOUR MULTIFUNCTIONALS FOR A3 FORMAT

The TASKalfa 250ci/300ci incorporate extremely durable components that guarantee efficient and reliable operation to meet the demanding requirements of busy office environments. The TASKalfa 250ci/300ci provide effective productivity and maximum flexibility whilst ensuring minimum impact on the environment.

General

Technology: KYOCERA Laser Colour

Engine speed

TASKalfa 250ci:
Up to 25/13 pages per minute A4/A3 in colour and b/w
TASKalfa 300ci:
Up to 30/15 pages per minute A4/A3 in colour and b/w

Resolution: 600 x 600 dpi
Multi-bit technology for print quality of up to 9,600 dpi level x 600 dpi

Warm-up time: Approx. 30 seconds or less from power on

Time to first page

Approx. 6.2 seconds or less in b/w
Approx. 8.1 seconds or less in colour

Dimensions (W x D x H)

Main unit: 605 mm x 680 mm x 745 mm

Weight: Main unit: approx. 106 kg

Power source: AC 220 V - 240 V, 50/60 Hz

Power consumption

Printing: 860 W
Stand-by: 160 W
Sleep mode: 16 W

Noise (ISO 7779 / ISO 9296)

TASKalfa 250ci - Printing: 65.5 dB(A)
TASKalfa 300ci - Printing: 67.0 dB(A)
Stand-by: 56.9 dB(A)

Safety standards: GS, TÜV, CE

This unit is manufactured according to ISO 9001 quality standard and ISO 14001 environmental standard.
RoHS compatibility

Paper handling

All paper capacities quoted are based on paper thickness of max. 0.11 mm. Please use paper recommended by KYOCERA under normal environmental conditions.

Input capacity

Max. 100-sheet multi-purpose tray, 60-220 g/m², A3-A6R;
max. 2 x 500 sheet universal paper cassette, 60-220 g/m², A3-A5R; Max. input capacity with options: 4,100 sheets A4

Duplex unit: Duplex as standard support A3-A5, 60-220 g/m²

Output capacity: 250 sheets face-down

Print functions

CPU: PowerPC 750 FL / 600 MHz

Memory: 2,048 MB RAM + 80 GB HDD

Interfaces

Standard interface: USB 2.0 (Hi-Speed), Fast Ethernet
10-Base-T/100Base-TX, CF slot

Controller language: PRESCRIBE

Emulations: PCL6, KPDLL 3 (PostScript 3 compatible), XPS
Direct Print, PDF Direct Print

Operating Systems

All current Windows operating systems, Mac OS X Version 10.2 or higher, UNIX LINUX, as well as other operating systems on request.

Fonts / barcodes: 93 outline fonts (PCL6), 8 fonts (Windows Vista), 136 PostScript KPDLL 3 fonts, 45 types of one-dimensional barcodes plus two-dimensional barcode (PDF-417)
Downloadable fonts: KYOCERA, PCL + TrueType format, Type 1 + 3 format

Print features

Quick copy, proof and hold, private print, job storage and job management functionality

Copy functions

Max. original size: A3

Continuous copying: 1-999

Memory capacity: 2,048 MB RAM + 80 GB HDD

Zoom range: 25-400% in 1% steps

Preset magnification ratios: 5R / 5E

Digital features

Scan-once-copy-many, electronic sort, 2in1 and 4in1 function, image repeat copy, page numbering, cover mode, booklet copy, 80 GB document box, interrupt copy, form overlay

Exposure mode: Auto, manual: 7 or 13 steps

Image adjustments: Text + photo, text, photo, map

Scan functions

Functionality

Scan-to-email, scan-to-FTP (FTP via SSL), network TWAIN, scan-to-SMB, scan-to-box, scan-to-USB

Scan speed

60 images per minute (A4, colour, b/w), (300 dpi with DP-760 (B))

Scan resolution

600 dpi, 400 dpi, 300 dpi, 200 dpi, 200 x 100 dpi, 200 x 400 dpi, (256 greyscales)

Max. scan size: A3

Original recognition: Text, photo, text + photo, OCR

Interface: 10/100 Base-TX

Network protocol: TCP/IP

File types: PDF (high compressive/encrypted), JPEG, TIFF, XPS

Fax functions (optional)

Compatibility: ITU-T Super G3

Modem speed: Max. 33.6 kbps

Transmission speed: Max. 2 seconds (JBIG)

Scanning density

Normal: 8 dot/mm x 3.85 line/mm

Fine: 8 dot/mm x 7.7 line/mm

Superfine: 8 dot/mm x 15.4 line/mm

Ultrafine: 16 dot/mm x 15.4 line/mm

Max. original size: A3

Compression method: JBIG, MMR, MR, MH

Memory: Standard 12 MB, max. 120 MB

Features

Opt. Internet-fax, network faxing, rotate transmission, rotate reception, duplex fax reception, memory reception, mailbox, remote diagnostics, dual fax with second fax system

Consumables

TK-865K Toner-Kit

Toner Black for 20,000 pages with 5% coverage A4

TK-865C, TK-865M, TK-865Y Toner-Kits

Toner Cyan, Magenta, Yellow for 12,000 pages with 5% coverage A4

Options

Fax System S (C)

Internet Fax Kit (A)

Paper handling

DP-750(B) Document processor (Reversing document processor), Max. 100 sheets, 45-160 g/m², A3-A5R, folio

DP-760(B) Document processor (One-path duplex scanning) Max. 100 sheets; 45-160 g/m²; A5R-A3, folio

PF-720(B) Paper feeder

Max. 2 x 500 sheets, 60-163 g/m², A5R-A3, folio

PF-760(B) Paper feeder

Max. 3,000 sheets, 60-105 g/m², A4, B5, letter

DT-710 Document tray

DF-760(B)* Document finisher+ AK 720

Main tray: max. 3,000 sheets A4; 60-220 g/m²; A3-B5

Sub tray: max. 200 sheets A4; 60-163 g/m²; A3-A6R

Sub tray (top) max. 50 sheets; 60-163 g/m²; A4

Stapling up to 50 sheets A4 or 30 sheets A3 at 3 positions, A3-B5

DF-780(B)* Document finisher

Max. 1,000 sheets A4, A3-B5E, 64-105 g/m², 3 positions

stapling up to 50 sheets A4 or 20 sheets A3

PH-5C/PH-5D Punch unit for DF-760(B)

2-hole/4-hole/Swedish type, 60-200 g/m², A5R-A3

MT-720(B) Mailbox sorter for DF-760(B)

7 bins x max. 100 sheets A4, 50 sheets A3/B4, 60-163 g/m² (simplex)

BF-720 Booklet unit for DF-760(B)

Max. 64 pages (16 sheets) booklet folding and stapling

60-105 g/m², A3, B4, A4R, cover sheet 60-220 g/m² (simplex)

JS-720(B) Job separator

100-sheet internal job separator, 60-163 g/m², A3-A5R

(60-220 g/m² to finisher)

* Adapter Kit AK-720 and JS-720(B) are required for the use of DF-760(B).

** JS-720(B) is required for the use of DF-780(B).

Memory

CompactFlash® card

1 slot (up to 4 GB) for printing forms, fonts, logos, macro storage

Fax Memory

MM-16-128 Image memory (120 MB)

Security

Data security kit (E)

ISO 15408 (Common Criteria) with security level EAL3

Printed Document Guard Kit (A)

Optional interface

PS159: Wireless LAN (802.11b/g)

PS1109 Gigabit Ethernet:

10BaseT / 100BaseTX / 1000BaseT (RJ-45)

PS129 Fibre Optic: 100BaseSX (SC)

PS1129 Gigabit Fibre Optic: 1000BaseSX (SC)

Others

Platen cover (E)

CB-720 Wooden cabinet

CB-721 Metal cabinet

Product depicted includes optional extras.

FIRST TIME, EVERY TIME – THE NEW ANSWER
TO **OFFICE EFFICIENCY.**

More than ever, business is about information. The speed and quality of your office document management is one of the keys to your business success. That is where the new KYOCERA TASKalfa office document multifunctionals can give you and your business a decisive edge. With the ultra-reliable technology designed and engineered into every KYOCERA TASKalfa multifunctional device, users get all their tasks done quickly, the first time and every time.

A WHOLE RAINBOW FULL OF ADVANTAGES.

TASKalfa multifunctional devices give you the flexibility to carry out the full range of office document tasks in optimum quality – quickly and efficiently. It starts with the wide, colour touch screen with its intuitive commands for fast and simple operation. It includes individual paper handling options such as a selection of paper feeders, or the built-in scanner for double-sided scans in one single step. The security options will keep your productivity high without sacrificing data security. Last but not least, these multifunctional devices have the full reliability of KYOCERA's long-life components for long periods of uninterrupted office work.

FULL-SCALE INTEGRATION INTO YOUR WORKFLOW.

HyPAS™

It is simple: greater flexibility means optimised office workflow and efficiency. HyPAS™, KYOCERA's new software development platform, provides more flexibility than ever before. Embedded in these TASKalfa colour devices, HyPAS™ combines Java-based programming with Web service technology so that these multifunctional devices can work efficiently both with applications embedded within the device or those based on an external Web server. This makes it much easier to optimise workflows by customising the device panel and making these devices a part of automated, company-specific processes. Regardless of whether it is security options and structures, document routing, accounting functions or other document management options, all functions (print, copy, fax or scan) can be altered to support your company's processes and demands.

HIGHLIGHTS

- ▶ Up to 30 pages per minute A4 in b/w and colour
- ▶ Excellent image quality thanks to the advanced new toner and colour technology
- ▶ 2,048 MB RAM + 80 GB HDD memory and storage
- ▶ Optional fax functions
- ▶ Standard network printing and scanning in colour
- ▶ Standard duplex printing
- ▶ Optional one-path duplex document processor and reversing document processor
- ▶ Individual paper handling and finisher options
- ▶ Optional Data Security Kit
- ▶ Long-life components provide exceptional efficiency and reliability

VERSATILITY THAT MEETS ALL OFFICE DEMANDS.

All the functions you need for efficient office document management, packed into a fast, reliable and user-friendly device. Scan, fax, copy and print – everything is easily accessible via a large user-friendly screen and intuitive controls. So, no matter how you organise your office – you will be faster and more efficient with TASKalfa multifunctional devices.

PRINT – EVERY DOCUMENT LEAVES A GOOD IMPRESSION.

The quality of your office documents and sales presentations says a lot to customers and employees about your company. Thanks to the newly developed toner and the advanced colour technology, TASKalfa multifunctionals have an expanded colour range where the colours have an increased vibrancy and precision. Every printout has an exceptional, high-quality appearance while consuming less toner than ever before. An outstanding convergence of economy, efficiency and quality.

EXTENDING DATA SECURITY TO PRINTOUTS: Data security is a top priority issue. Meticulously guarded in all forms of electronic communication, it is often ignored when it comes to printouts. Along with various encryption options that keep the data stored on TASKalfa multifunctionals secure, KYOCERA also offers the option of using your company ID card for fast user authentication at the printer. This option not only gives users the freedom to pick up their printouts at any company printer – it also ensures that no important information is ever left unguarded in the printout tray.

DOCUMENT BOX FOR FAST DOCUMENT ACCESS: TASKalfa multifunctionals offer large capacity HDD with space for a large number of document boxes. Storing frequently used documents in one of these boxes provides fast, convenient access that keeps traffic on your office network to a minimum.

COPY – CLARITY AND BRILLIANCE AS OFTEN AS YOU NEED IT.

The improved TASKalfa print quality is not only clearly visible when printing documents, but also when using the multifunctional device as a copier. Need more copies of a standard company document? Use the thumbnail function to preview the documents stored on the TASKalfa HDD and print out as many copies you need. All without accessing your computer or generating any data traffic. When it comes to producing high-quality copies quickly, every function you need is right there at your fingertips.

SCAN – THE FULL EFFICIENCY OF DIGITAL.

Converting paper documents to digital files used to be time consuming – but not with TASKalfa multifunctionals.

DUAL-SIDED, HIGH-SPEED SCANNING: These multifunctional devices scan at an impressive speed of up to 60 ipm in colour with 300 dpi. The optional paper processor DP-760(B) even carries out dual-sided scans in one step so that no time is lost in turning the paper around. It is an excellent option for those companies that have a lot of material to archive.

A MINIMUM IN DATA VOLUME: Scanned and saved as a pdf, jpeg, tiff or xps file – these multifunctionals can carry out almost lossless data compression. Documents that include colour photos and other supporting material that normally create large data volumes can be quickly scanned and saved in a minimum of space, again reducing data volumes in your network.

ENSURING SECURITY EVERY STEP OF THE WAY: With the encrypted pdf function, users can enter a password of their choice which will ensure that the scanned file can only be opened when that password is used.

With TASKalfa 250ci and TASKalfa 300ci, handling the new digital files is simple with options such as scanning to a server, but also scan-to-email and scan-to-USB. Wherever you need your documents, a TASKalfa device will bring them there.

FAX – PASSING IT ON IN WRITING.

TASKalfa multifunctionals come with all of the functions you would expect of a high quality fax machine, such as broadcast sending, timer-based transmission, fax forwarding and much more. In addition, TASKalfa multifunctionals also offer the choice of sending your fax via the internet in order to keep your communication costs low. Whatever your document needs, TASKalfa multifunctionals will give them top priority.

WHERE SPEED MEETS FLEXIBILITY.

FINISHING THE JOB YOU STARTED.

These highly efficient multifunctional devices can deal with just about any job you may require. They are not only fast and reliable, they are also highly flexible, with a modular structure that lets you add one finishing option today, and put in a different one tomorrow. Choose from a complete selection of finishing options available for stapling, folding and making booklets. Or go for the mailbox option for even faster and more efficient sorting of printouts. If you need to do a lot of scanning, the optional paper processor with the double-sided scanning option allows you to scan both sides of a document in one fast step. And additional paper cassettes can give these fast multifunctionals a paper supply of up to 4,100 sheets, for hours of non-stop printing. No matter what your office does – you can do it better with a TASKalfa multifunctional.

Base version

Two 500-sheet cassettes and a 100-sheet multi-purpose tray provide a generous paper reserve. Optional document processor DP-750(B) automatically reverses paper for easy double-sided scanning and copying.

Basis configuration with DP-750(B)

Extended base functionality

An additional paper cabinet with rollers protects your paper and is convenient when paper storage rooms are far away.

CB-720/CB-721

Flexibility

Two additional 500-sheet paper cassettes enable fast, convenient access to multiple paper types.

PF-720(B)

High capacity

This 3,000-sheet paper feeder is ideal for large print runs. And for large volumes the DP-760(B) document processor scans in one easy step through the one-path duplex scanner.

PF-760(B) + DP-760(B)

Basic finishing solution

For a professional finish to documents you can add a 1,000-sheet finisher with stapling.

DF-780(B)

Advanced finishing solution

Add a 3,000-sheet finisher with stapling, a punch unit and booklet unit.

DF-760(B) + PH-5C/PH-5D + BF-720

Departmental

To separate different users' output, add a convenient mailbox with 7 trays.

MT-720(B)

COUNT ON US.

As one of the leading manufacturers of office document solutions, KYOCERA is committed to delivering consistently high quality products and services. We not only provide you with the most reliable hardware and software, but also offer exceptional service, comprehensive consulting and tailor-made financing. Whatever your needs – you can count on us. Want to know more? Simply get in touch with your local KYOCERA Business Partner.
